## INFORMATION ABOUT THIS SERVICE

### Description

Alltel 1300 & 1800 numbers are virtual business numbers. 1300 numbers can be called for as low as the cost of a local call, while 1800 numbers can be called for free. Both receive and redirect calls to an existing phone line ("answerpoint") such as a mobile or landline.

Smartnumbers are distinctive phone numbers that are considered 'the best' 1300 & 1800 numbers available. These inbound numbers may be phone words which spell out a business name or service e.g. 1300 ALLTEL (1300 255 835), or numbers with repeating or sequenced numerical patterns e.g. 1300 50 10 50.

### Minimum term

There is no minimum contract term, but termination and/or transfer charges apply if the service is cancelled within the first 12 months.

### Cancellations

We require 30 days advance written notice to cancel this service.

### Inclusions

Basic Australia-wide and standard time-based routing are provided with your 1300/1800 number at no additional charge. Compatible services and features are included with your ADVANCE plan as standard.

#### Business Intro

Play a recorded introduction at the start of every call. Professional recording (20 words) starts at \$49. Longer scripts to be quoted.

#### Voice2Email

Access your voice messages via email with an online voicemail service.

#### Voice Prompt Menu (IVR Menu)

Give callers the ability to route their own calls based on a keypad selection (ie. Press 1 for Sales...Press 2 for Support).

#### Call Whisper

Be notified by a pre-connection announcement of which calls come from your inbound number.

#### Call Recording

Record and listen back to calls anytime you need it. Read about the applicable legal requirements under the Other Information section.

#### Missed Call Alerts

Get instant email notifications for every missed call on your 1300/1800 number.

#### Date Exceptions

Redirect calls to alternate numbers or your Voice2Email service on public holidays or scheduled annual leaves.

#### Time Zones

Assign the appropriate time zone for your business to ensure that your time and day based configuration is accurate.

#### Advanced Call Routing

Simple, Simple & overflow, Time & day based, Pin code, and Area code routing are included in this plan for free.

### Exclusions

Any phone calls received on your 1300/1800 number will be charged at the applicable call rate.

### Qualifications

An existing phone service is required as an answerpoint for this service. Calls can be answered on landlines, mobiles, and VoIP phones.

## OTHER INFORMATION

### Managing your service, including usage information

Log in to your exclusive self-managed portal to manage your 1300 & 1800 number. View your Alltel services, track your usage, review reports, and access your bills from Alltel's customer portal.

### Call Recording

It is a legal requirement that you inform callers before they are recorded that you will be recording the phone call so that the caller has the opportunity to either end the call or else ask to be transferred to another line where recording does not take place. The caller must be given sufficient opportunity to do so, otherwise the call must not proceed.

### Roaming

1300 & 1800 numbers may be compatible with international telephone networks (e.g. US, UK, and China) but there is no guarantee of a successful connection. Mobile roaming charges may be charged by your mobile provider for 1300 number calls answered outside of Australia.
